

APPENDIX G

37 CFR 1.76

US.03 FORM FOR ENTERING THE NATIONAL PHASE. The USPTO has available a special form for the transmittal of the fees and documents required for entering the national phase (see Annex US.II). This form should preferably (but need not) be used, however, see paragraph US.05, below. Together with the special form indicated above, applicants may also submit an "application data sheet" containing bibliographic data. The submission of an application data sheet is voluntary. The "application data sheet" facilitates electronic capture of the bibliographic data by the USPTO, thus leading to more accurate data recording and quicker processing by eliminating the need to have this data manually extracted from the application papers. A guide to preparing an application data sheet, along with the necessary software for preparing the application data sheet, can be found at the USPTO's website www.uspto.gov by clicking on "Patents" then in the "Applications" column, clicking on "PrintEFS."
